REFSURE

Saving time for HR with online employment verifications

What is Refsure?

Refsure is a self-managed system which enables employers to outsource the delivery of references for current and former employees.

Features

COST EFFECTIVE

- Automated outsourced referencing dramatically reduces operational overheads.
- No data storage fee. Administration charge only applies when data is accessed.

AUTOMATED AND FAST

- Reference requests are fulfilled quickly, efficiently and accurately.
- References remain available to the Requester for 30 days, at no additional cost.

SECURE

- Highest levels of data security, including encryption at rest and during transit.
- All Requesters are validated on registration to ensure legitimacy.
- Employers can securely exchange messages with Requesters.

CONFIGURABLE

- Employers can override the automated process to provide manual responses.
- Employers can format reference response templates to reflect their brand.
- Full management information and reporting is available.

Benefits

- Saves costs and frees up in-house resources from a time-consuming administrative task.
- Employers and employees can rest assured their data is being protected at all times.
- No time delay, with instant references and 100% accuracy.
- Employers retain control and can flag references requiring specialist HR attention.
- Use of Employer's own logo and wording maintains consistent corporate branding.
